

# 2022 Budget and Levy Workshop

November 22, 2021

# City of Brainerd Budget - How do we budget?

- ▶ We estimate all of the **non-tax revenues** - i.e. fees, fines, LGA, etc.
- ▶ We estimate all of the **expenditures** - i.e. Personnel cost, supplies, services, debt, capital etc.
- ▶ The difference between the two is the **levy** needed.
  - ▶ Per LMC Handbook for MN Cities, Chapter 20 Municipal Budgeting - Budgeting is basically planning and prioritizing goals for the coming year *based on experiences* in the past year or years.

# 2022 Budget and Levy

- ▶ Tonight's discussion focuses on **the Working Funds** (General, Public Safety, Parks, & Streets), **Debt**, and **Capital funds** - the funds the City needs to levy for operations.
- ▶ The **preliminary levy** was certified to the County prior to September 30, 2021, at \$6,255,826 and is 2.00% increase over the 2021 levy.
- ▶ The **final levy** needs to be certified to the County by December 28, 2021. The final levy can be lower than the certified levy in September but cannot be higher.

- Reminder:
  - 26 sworn officers - Planning to have 27 officers.
  - 2022 is the first year staff other than police officers could move to step 7. Officers could move to step 8.
  - Add'l full-time staff - HR assistant, and an add'l temporary employee for IT/GIS.
  - Includes overlap in staffing of about 3 months for a possible retirement.
  - Includes temporary staff for 2022 elections judges as well as increased in temporary staff and CSO's hourly wages.
  - Also changed the way we budget for the amount paid by BPU for HR Services.

- Review of expenditure line items.
- Review of expenditure line items.
- Removed \$20,000 contribution to the Evergreen Cemetery, and updated the amount to be pass through to the Fire Relief Association - based on actual collections.
- Reminder
  - Assuming Building Official will receive delegation certification from the State in 2022.
  - Not budgeting for payment to Lakes Media Collaborative, but 50% of the budgeted Franchise Fee is budgeted to be used for broadcasting meetings.
- Removed the additional transfer to fire capital fund that kept the 2022 assessment at a 0% increase.

- Updated for the mill rate calculated by the County.
- Per advice of City Attorney, still budget the payment for the senior citizen program, green space and community action programs and events the same as previously since the ordinance is not effective until after the first of the year.

# What do we know

Final levy can be lower but cannot be higher than preliminary levy. The budget for sure needs to be adjusted by:

**\$5,639**

This will be done by adjusting various revenue and expenditure line items.

For every 1% Change in the Levy for 2022 is equal to \$61,331.

**Teamster's** union contract is not officially settled for 2022.

Open enrollment election health insurance have been taken into account but not finalized/verified.

# Historical Levies

| Levy Year<br>Collected | Levy Amount  | %<br>Change |
|------------------------|--------------|-------------|
| 2010                   | \$ 4,112,308 | 2.8%        |
| 2011                   | 4,055,836    | -1.4%       |
| 2012                   | 3,953,486    | -2.5%       |
| 2013                   | 3,953,486    | 0.0%        |
| 2014                   | 4,453,486    | 12.6%       |
| 2015                   | 4,898,835    | 10.0%       |
| 2016                   | 5,217,260    | 6.5%        |
| 2017                   | 5,373,778    | 3.0%        |
| 2018                   | 5,561,860    | 3.5%        |
| 2019                   | 5,895,572    | 6.0%        |
| 2020                   | 6,072,439    | 3.0%        |
| 2021                   | 6,133,163    | 1.0%        |

# 2022 Levy Estimated Impact to Budget

**2021 Levy            \$    6,133,163**

| <b>Levy Increase<br/>over 2021</b> | <b>Levy Amount</b> | <b>Budget<br/>Adjustment<br/>Needed</b> |
|------------------------------------|--------------------|-----------------------------------------|
| 2%                                 | 6,255,826          | \$ -                                    |
| 1.5%                               | 6,225,160          | (30,666)                                |
| 1%                                 | 6,194,495          | (61,331)                                |
| 0.5%                               | 6,163,829          | (91,997)                                |
| 0%                                 | 6,133,163          | (122,663)                               |

# Possible Ways to Adjust Budget:

Staff listed four ways to adjust the budget if Council chose to lower the final levy. A combination of the four may be used too.

- Used the \$159,000 of fund balance or “levy stabilizer” that has been built up over the last couple of years.

**Con:** Will it be needed in future years?

Staff showed Council the estimated additional cost of the LELS and potential Teamster union contract settlements.

At a previous workshop Council also talked about a wage study in 2023 for 2024.

| Levy Year Collected | Levy Amount  | % Change |
|---------------------|--------------|----------|
| 2010                | \$ 4,112,308 | 2.8%     |
| 2011                | 4,055,836    | -1.4%    |
| 2012                | 3,953,486    | -2.5%    |
| 2013                | 3,953,486    | 0.0%     |
| 2014                | 4,453,486    | 12.6%    |
| 2015                | 4,898,835    | 10.0%    |
| 2016                | 5,217,260    | 6.5%     |

# Possible Ways to Adjust Budget:

- Reduce the debt levy for 2022.

The City received approximately \$125,000 in prepaid assessments on the projects assessed for the 2021A debt levy. Staff took 1/10<sup>th</sup> of the amount collected.

Reduce levy for other issues.

**Con:** Will it be needed in future years?

2022 is going to be a local improvement year. Currently have \$100,000 estimated for 2022 debt levy. Will this need to be increased in future years and adjustments, if any, would be better utilized then?

# Possible Ways to Adjust Budget:

(\$111,597)

# Possible Ways to Adjust Budget:

- Reduce capital levy.

**Con:** Funding of the plan gets a little low in 2026 and 2027. What is Council's level of comfort? What is the "right" level of funding? Inflation is not built into the plan at this time, and we know prices are going up.

# Possible Ways to Adjust Budget:

City of Brainerd

Capital Plan: **Summary** **Working Funds Only - Excludes Fire Capital**

2022-2051 - 30 Years

Proposed levy: 1,255,927

Adj to Budget: (122,663)

New Levy: \$1,133,264

# Possible Ways to Adjust Budget:

- Review revenue and expenditure line items.

**Con:** Not going to result in enough change.

Current budget numbers are based off of averages from actual results of 2018-2020, with adjustments being made if necessary.

# 2022 Levy Estimated Impact to Budget

**2021 Levy                    \$    6,133,163**

| <b>Levy Increase<br/>over 2021</b> | <b>Levy Amount</b> | <b>Budget<br/>Adjustment<br/>Needed</b> |
|------------------------------------|--------------------|-----------------------------------------|
| 2%                                 | 6,255,826          | \$       -                              |
| 1.5%                               | 6,225,160          | (30,666)                                |
| 1%                                 | 6,194,495          | (61,331)                                |
| 0.5%                               | 6,163,829          | (91,997)                                |
| <del>0%</del>                      | 6,133,163          | (122,663)                               |

# Impact of Change in Estimated Market Value

$$\text{City's Levy} \div \text{Total City Tax Capacity} = \text{Tax Rate of the City}$$
$$\text{Total Tax Capacity} \times \text{Tax Rate of the City} = \text{City's Levy aka City's Revenue}$$

If the City's *Levy stays the same* and the total *tax capacity of the City increases* the tax rate decreases.

If the City's *Levy stays the same* and the total *tax capacity of the City decreases* the tax rate increases.

Pay Year 2022 Estimated Tax Capacity = \$8,928,534

Pay Year 2021 Estimated Tax Capacity = \$8,417,936

Increase of  
\$510,598 or  
6.07%

# Estimating the Impact

2021 Levy 6,133,163  
2021 City Tax Rate 73.429%

| Estimated Tax Rate     |         | Levy Amount |           |
|------------------------|---------|-------------|-----------|
| No Change in Levy      | 69.266% | \$          | 6,133,163 |
| 0.5 % Increase in Levy | 69.613% |             | 6,163,829 |
| 1.0 % Increase in Levy | 69.960% |             | 6,194,495 |
| 1.5 % Increase in Levy | 70.307% |             | 6,225,160 |

# MEMO

**TO:** Mayor and Council

**FROM:** City Administrator Bergman  
Finance Director Connie Hillman

**DATE:** November 19, 2021

**RE:** 2022 Budget and Levy

---

The workshop on November 22, 2021 will focus on the working funds - General, Public Safety, Parks, and Streets – as the operations of these funds are supported by property taxes as well as the capital fund, and the amount needed for debt. The other funds (i.e. Recycling, Library, Parking lots etc.) will be discussed at the December 6, 2021 council meeting.

The budget process includes trying to estimate all expenses (i.e. personnel cost, supplies, services, capital, debt service etc.), and estimating all of the non-tax revenues (i.e. fees, fines, LGA, grants etc.). The difference between the two is the levy needed. Per the LMC Handbook for MN Cities, Chapter 20 Municipal Budgeting- budgeting is basically planning and prioritizing goals for the coming year based on experiences in the past year or years.

## Levy Overview:

Attachment A is a summary of the current budget and levy. The overview is a comparison of actual 2020, the adopted budget for 2021, and the current proposed budget for 2022 in grey, a column highlighting the difference in the current 2022 budget versus the adopted 2021 budgeted, and finally a column in blue showing status of the budget and levy when Council adopted the 2022 preliminary levy in September.

In September, the budget showed that the City needed \$37,092 of additional levy (.6% increase over the 2021 levy) for a balanced budget. This did not include the use of the \$159,000 “levy stabilizer.” The Council set the preliminary levy at a 2% increase over the 2021 levy at \$6,255,826, which equated to \$122,663 of additional dollars.

The current proposed column for 2022, shows the levy would need to be increased by \$128,302 or 2.09% from the 2021 levy for a balanced budget. This too does not include using any of the “levy stabilizer.” The City’s increase for 2022 is capped at 2.0%. So for sure \$5,639 needs to be cut from the budget.

## Total Expenditures:

Since September and as a reminder:

- The budget includes the settlement of the LELS union contract, a 2.5% COLA for Department Heads and Non-Union Supervisors, and an estimate for the settlement of the Teamsters contract.
- The addition of a full-time HR Assistant position, and an additional temporary employee for IT/GIS.
- We are only budgeting for 26 sworn officers rather than 27, but planning on having 27 sworn officers.
- There is overlap of staffing of about 3 months for a possible retirement.
- The budget has been updated with actual 2022 insurance renewal rates, with the exception of workers' comp and general liability insurance.
- The budget has been updated to include seven staff members moving to steps 7 or 8 based on 2020-2021 reviews.
- We are budgeting to continue to contract with Crow Wing County for facility maintenance and assuming the City Building Official will be certified in 2022.
- Removed the \$20,000 request from the Cemetery Board for Evergreen Cemetery.
- Half of the budgeted franchise fee revenue is budgeted to be used for meeting broadcast expenditures.
- Staff has reviewed budget line items and updated based on new estimates received and activity through 2021 as well.

## **Total Capital:**

Attachment B is a detailed list of the proposed capital purchases for 2022 as well as the proposed capital items identified in September when the preliminary levy was set. Some cost estimates have been changed based on additional information that has been received.

Attachment C-E are portions of the 30-year capital plan summaries. Years 2023 and beyond have also been updated, such as a \$250,000 estimate in 2024 for HVAC for the police department, the fire department plan has been revamped to try to spread purchases of apparatus' out more, an \$85,000 generator for the 2023 plan for City Hall (formula error), and \$45,000 in years that end in 3 or 8 to plan for compensation studies.

## **Total Debt Levy:**

The 2022 debt levy is to pay the August 1, 2022 and the February 1, 2023 debt service. The City is able to reduce the debt levy due to debt issues being paid off after the February 1, 2022 payment. There is \$100,000 in the levy to be able to structure for a bond issue for the 2022 road construction projects. The City has received just about \$125,000 in prepaid assessments relating to assessments for the 2021 construction projects. The projections for what will be received in assessment revenue in 2022 has been updated and Staff offset 1/10<sup>th</sup> of the prepayments to what was estimated to be needed for the 2021A debt levy.

## Other Levies:

The other levies now reflect the mill rate calculated by the County. The Charter language change for the value of a half of mill for the Senior Center, Arboretum, and Community Action does not take into effect until January/February. Per advice from our City Attorney, we need to budget for 2022 based upon the old language.

## Total Revenues:

Since September, staff has reviewed the estimated revenue numbers and have updated the estimates. The budget reflects the increase in additional LGA certified for 2022. The certified LGA amount is to increase by \$59,951 or 1.3%. Staff also changed the way revenue is recognized from BPU and HRA for HR services and updated the budget for the removal of the hydrant levy which was part of the 1<sup>st</sup> amendment to the Charter which is effective prior to the first of the year.

## Summary:

As stated above, the City will need to cut a minimum of \$5,639. Staff proposes to accomplish this by adjusting various budgeted revenue and line items.

The chart below illustrates the additional amount of change that would be needed for a balanced budget if Council chose to lower the preliminary levy:

| <b>Levy Increase over 2021 Levy</b> | <b>Levy Amount</b> | <b>Budget Adjustment Needed</b> |
|-------------------------------------|--------------------|---------------------------------|
| 2%                                  | \$6,255,826        | \$0                             |
| 1.5%                                | \$6,225,160        | \$30,666                        |
| 1.0%                                | \$6,194,495        | \$61,331                        |
| .50%                                | \$6,163,829        | \$91,997                        |
| 0%                                  | \$6,133,163        | \$122,663                       |

Staff thoughts on how the budget adjustments could be accomplished and the cons of each:

- Use the \$159,000 of fund balance or the levy stabilizer that has been built up. The con of this is future years. Staff showed council the estimated additional cost of the Teamsters and LELS union contracts. Council also discussed the potential impact of future market adjustments for staff.
- Reduce the debt levy for 2022. The Council could use more of the prepaid assessments to offset the levy needed for the 2021A improvement bonds and/or reduce other bonds based off projected cash balance as of 2/1/22. The con of this option is again future years levy needs. We have \$100,000 in the budget for the issuance of debt for the 2022 construction projects. In conversation with the City

Engineer, the 2022 construction costs are going to be big. We are going to be redoing streets that still have the original concrete when first constructed. This leads to the question, is \$100,000 a good estimate and would the adjustments that could be made for 2022 be better used in future years.

- Reduce the Capital Levy in 2022 and future years. The con is by reducing the levy for capital by \$100,000, we end up with an estimated cash balance of about \$200,000 in 2026.
- Review budgeted revenue and expenditures. The con is it is not going to result in enough change. The current budgeted numbers are based off of averages from actual results of 2018-2020 and adjusted if necessary.
- Combination of all of the above.

The 2022 preliminary levy was set at \$6,255,826 which was a 2% increase over the 2021 levy (\$6,133,163), and results in \$122,663 of new money. The 2022 preliminary levy results in a calculated City tax rate of 70.653% a 2.776% **decrease** from the 2021 tax rate of 73.429%.

At the workshop, Staff will go into more detail of the differences of the current budget and the budget used in September to set the preliminary levy, show the estimated impact to residents and business owners, and will be looking for Council direction on what Staff should use as the 2022 levy for the public hearing on December 13, 2021.

If you have any questions before the meeting, please contact us.
